DISTRICT NEWS IN BRIEF

Alberta Health Survey Continues

VEGRIEVILLE, March 16.—About 60 representatives of various organizations of town and district attended a meeting in the council chamber of the town hall on Saturday evening sponsored by the Provincial Board of Health, to discuss health needs of this section of the province.

The object of the meeting was explained by J. McKillop and Miss J. Clark R.N., both of the provincial department, who outlined the provisions attached to grants recently authorized by the Dominion for health purposes. They stated the purpose of the survey which is now being conducted is to ascertain the most desirable outlet for this constituency for the attainment of this money.

Reference was made to the great value of the work that has been carried on here by Miss Black of the Public Health Nursing Service, and by unanimous vote of the meeting it was resolved that a full time health unit be established in this area.

Such a unit, it was explained, would consist of two medical officers, two nurses, a technician and a sanitary inspector. The unit would operate as a clinic. While six physicians and surgeons are presently practicing in Vegreville, the opinion was expressed that room exists for an increase in the number of specialists, particularly in such fields as eye, ear, nose and throat.

Dr. S. H. Hardin, reporting for the dental profession said that service could be obtained in the two local offices by appointment made several days in advance. Emergency cases receive attention immediately on appearing.

Department officials had visited the Vegreville General Hospital during the afternoon, and while speaking highly of this 98 bed institution, agreed that a new 20 bed addition should be erected for the accommodation of chronic cases. This institution, it was said, would be eligible for Dominion and provincial grants for the purpose.

S. W. Pawlik, chairman of the Local Board of Health presided. The meeting adjourned at seven p.m.

Cricket Star Bradman Gets Knighthood

MELBOURNE, Australia, March 15.—(CP)—"The Don" became Sir Donald Bradman yesterday when the famous Australian cricketer, knighted in the New Year's honours list, received the accolade from Governor-General William J. McKell in the Victoria state parliament house.

Lady Bradman, who spent her honeymoon in Canada 17 years ago when her husband was touring with Australia's eleven, was among the 500 spectators who heard his side call "Donald George Bradman, esquire."

The cricketer, who retired last year after 20 years in the sport, walked forward a few yards from his chair and knelted on a red plush cushion before the Governor-General.

McKell was handed a shining ivory sword and he lightly touched the tip of it to both of Bradman's shoulders and said, "Arise, Sir Donald."

BREAK INTO SMILES

Both men broke into wide smiles as they shook hands.

Acknowledging the award, Sir Donald said he regarded it as a "royal tribute to the wonderful game of cricket and its importance to Empire relationships."

When Bradman indicated to Buckingham Palace that there would be little opportunity for him to visit Britain in 1949 to receive the knighthood His Majesty authorized the Governor-General to confer the accolade.

Coast Bus Hits House But Misses Baby

VANCOUVER, March 15.—(CP)—A frantic mother today watched a careening bus crash into a building and miss her infant son by three feet.

Mrs. Lois Reynolds, 32, was looking out the window of her suite at her baby, Francis, sleeping in a pram out in the street.

Mrs. Reynolds was knocked from her feet by the force of the impact as the bus shaved off a lamp standard and crashed into the building.

Police and motorists were forced to scramble as the vehicle, a Department of Veterans' Affairs bus, broke loose from the truck which was towing it down a steep hill.

BRIDGE

Lays Off Twice To Set This Contract

BY WILLIAM MCKENNEY

One thing that makes bridge popular is that a player never becomes so good that he is perfect. Sometimes a tournament player who is not classed as an expert will make a play that is missed by one which is considered top in the country.

This occurred on today's hand in the current Vanderbilt Cup tour-

Interest, which was won by the team of Charles S. Loombridge, Lee Hagen, Harry J. Fishbein, Morris Ellis and Larry Hirsch, all of New York City.

This hand occurred in one of the earlier matches and Robert Ables of New York City, sitting North, made a play that set the contract.

Both teams reached the same contract and the ten of hearts was covered at both tables. Ables won the trick with the ace of hearts and returned a heart, which East won with the queen.

Now East laid down the king of trumps and Ables set it hold the trick. When the queen of spades was led, he again set it hold. He did not win until the third round of spades was led. Then he returned a heart. Declarer was in, but there was no way that he could get into dummy.

When the hand was played at the other table, the expert setting in the North position won the first heart trick with the ace and returned a heart, but when East played the king of spades, North won with the ace.

He led another heart. East won the ace of diamonds, then cashed the queen of spades. When the jack fell, all East had to do was to cash the king of hearts, lead a small spade over to dummy's ace and cash the balance of the diamonds.

In stockinged feet, Henry Panchal of Ontario stood in the prisoners' dock yesterday and admitted he was without means of support and had been sleeping in the basement of a 98 street hotel.

Panchal asked for an opportunity to return to Port Arthur where he said he could get work on the river-banks. Granting the request, Magistrate Miller sentenced him to one day of work at arrest.

Major Howard Fisher of the Salvation Army will undertake to see that Panchal gets home—with a pair of shoes.

City May Be Dropped From Airline Route

Edmonton probably will be dropped as a scheduled stop by Northwest Air Lines planes flying between the Orient and the United States within a year, a company announcement revealed here today.

The statement, released by NWA Manager John Chelien, said that proposed addition of new Boeing Stratocruisers by the company May 1 will eliminate Edmonton completely as a scheduled stop on the Minneapolis-Tokyo run.

Mr. Chelien stated that the newer, faster aircraft will be able to make 2,700 mile hops from Minneapolis to Anchorage without having to stop in Edmonton.

While first of these craft will be delivered to Northwest by May 1, the late fall before leaving Alameda for the original contract of 10 Stratocruisers.

SINCE 1916

The airline company has been operating commercially through Edmonton since November, 1916, when it first started with its main line from Toronto to Vancouver. Since then, NWA has been using Edmonton as a refueling and communications center for its long trips.

At present, the Edmonton airport handles eight Oriental flights a week, but only two.

NO MAINTENANCE

Northeast Air Lines does not maintain any facilities or maintain facilities here, but has an office space, a communications installation and ten employees handling traffic through Edmonton.

The DCA craft now operating through here carry 32 passengers, and will be replaced by the 75 passenger, 300-mile-an-hour Stratocruiser.

During the year, Northwest Air Lines, under contract to the United States government, was handling aircraft of the Air Transport Command here.

Inside Hollywood Pay Cheques Smaller Than Price Increases

By Bob Thomas

HOLLYWOOD (AP)—There stood Oliver Hardy, slim and all, but something was missing. No Stan Laurel.

For the second time in 23 years of existence, the famed comedy team of Laurel and Hardy has split up. I found round, firm and fully-packed Hardy in a basement outfit on the set of John Wayne's "Strange Creation." He admitted that a couple of years have taken their toll in comedy the comedy.

I asked if his present role meant professional split with the comedy team.

"No, No," said Hardy, "I'm a comedian and I'm a comedian. In fact, my salary goes to my own company. I've been independent since 1935."

Until now, Hardy and Laurel have been a comedy team. They have been a comedy team since 1926. They have been a comedy team since 1926.

EATON'S

The Lady of Spring
IS PRETTY AND POISED

*F*ashion this spring is delicate, light, airy; developing from an affinity of design and fabric rather than from one definite silhouette. There are rules of course: shoulders follow their natural curve, the throat is often deeply bared and waists may rise to an Empire line, but the *new* is the fresh interpretation fashion gives to floating chiffons, crisp surahs, textured wools and cottons woven to new worldliness. This feeling of harmony in texture, tone and pattern follows through in hats, shoes, gloves and other accessories.

We, at Eaton's, have assembled just such fashions.... beautiful, becoming, wearable clothes designed to make you, the lady of Spring, pretty and poised.
